

Classroom Presentation

Epilepsy Southwestern Ontario's free *Classroom Presentation* teaches your students about epilepsy and helps make your classroom a more welcoming environment for children living with epilepsy or seizures disorders. We have adapted our Grade 5 *Thinking About Epilepsy* program to educate children of all ages. Depending on the grade level, the presentation will be between 20 and 45 minutes.

The *Classroom Presentation* will give age appropriate information about the brain, what a seizure is and what to do if someone has a seizure. All presentations require access to a SMARTboard or computer, speakers and data projector.

Booking Request

Fax this sheet to **519.433.4079** or
email an Educator at **info@epilepsyswo.ca**
to book your **Classroom Presentation**

Teacher: _____ School: _____

School Address: _____

School Phone: _____ School Fax: _____

Grade Level: _____ # of Students: _____

Requested Dates and Times: _____

Contact's Email: _____

We try to book the requested day and time whenever possible. Presentations are most effective when done in a normal classroom setting.

A seizure protocol and a 30-minute teacher education presentation are also available for those schools with students affected by epilepsy or seizures.
